

About the Central PA Chapter:

- Local Chapter meetings held throughout the year (except July & August).
- Monthly meetings generally include a speaker on a "hot" energy topic coupled with a plant tour.
- Network with industry peers.

NO LUNCH WILL BE PROVIDED for this Free event. Bring your own brown bag. Refreshments will be available.

World Energy Engineering Congress

**Mark your Calendars for the 2009 World Energy Engineering Congress!!!
November 4-6, 2009, Washington Convention Center, Washington, DC**

The Association of Energy Engineers is very pleased to again bring the **World Energy Engineering Congress (WEEC)** to Washington, DC for 2009. Now in its 32nd year, the WEEC is well-recognized as the most important energy event of national scope for end users and energy professionals in all areas of the energy field. The WEEC features a large, multi-track conference agenda, a full line-up of seminars on a variety of current topics, and a comprehensive exposition of the market's most promising new technologies, with special free technology workshops held in the exhibit hall. In 2009 the WEEC will include a multi-track portion of the conference called FEMWorks 2009, a comprehensive series of workshops for federal energy managers, as well as GreenStreet 2009, offering both expert presentations and a showcase of the very latest environmentally friendly, green energy related products and services. The WEEC also serves as the annual convention of the Association of Energy Engineers, and is attended by more AEE members each year than any other single event.

Visit www.energycongress.com for more details.

The Central Pennsylvania Chapter is considering a One-Day Bus Trip to the Engineering Congress. If you would be interested in attending WEEC with the chapter, please contact a Boar member with your interest.
